ArcelorMittal

9th June 2020

Dear Comrades,

On behalf of the CGT unions of ArcelorMittal in France and all its members, I would like to wish you every success for the day of mobilization and strike that you are organizing today, 09 June 2020.

ArcelorMittal continues not to respect its commitments and prefers to negotiate with the Italian government behind the unions' backs without respecting the agreements that have been signed.

ArcelorMittal continues to want to reduce the workforce in Italy as everywhere in Europe for the happiness of its shareholders rather than investing in the women and men who have the know-how of our European steel industry.

All these sacrifices are unacceptable, even more so because, as in other European countries, employees are in no way responsible for the crisis our economies are going through.

We fully associate ourselves with your day of action, in the hope that ArcelorMittal will listen to reason.

I would like to ask you to pass on our solidarity to all the Italian employees of ArcelorMittal.

Fraternally.

« Long live union solidarity and may your struggle be successful »
